http://academicpublishingplatforms.com/journal.php?journal=MHSJ&id=2#guides_to_authors

Subjects of publications:

Journal welcomes papers with theoretical or applied approaches, focusing on different phases of medical and health research; medical and health production and management; discovering new medicines, new technologies and new ways to manage human health.

Particular areas of research might cover:

- Medical studies (observational, epidemiological, intervention and prevention studies)
- Preclinical and clinical phases of medical and pharma research
- Production of medical and health technologies, instruments and devices
- Way to design, develop, manufacture and market drugs, devices and other life science products
- Health related areas (nutrition, behaviour, lifestyle, environment, etc.)

Research papers can represent broad range of medical and health related sciences including biochemistry, epidemiology, genetics, pharmacology, endocrinology, biomedical engineering, clinical laboratory sciences, physiotherapy, psychology.

Structure and format of papers:

Submission format can be downloaded at

http://academicpublishingplatforms.com/journal.php?journal=MHSJ&id=2#guides_to_authors

The volume of paper **should not exceed 30 pages of A4 format. Articles must be written preferably in English.** Papers should be printed in MS Word, Time New Roman font (size 12), with 1.5 interval. Tables and pictures must be handled with MS Word drawing tools and supported by source references. Literature references should be placed in the end of paper and represented in required form (see www.pradec.eu).

Papers should be provided by the following requisites:

- Name of paper (English name is also required when a paper is on Russian); UDC codes; List of keywords (English version is also required when a paper is on Russian)
- Summary in the beginning (a maximum of 80 words - in several lines). English version is also required when a paper is on Russian.
- References in required form (see www.academicpublishingplatforms.com)
- At the end of paper author should precisely specify the following: first name and surname; scientific degree; country of citizenship; affiliated with a given author a research or other organization (company); e-mails (main and alternative); phones with codes (office and mobile); the convenient detailed post address, on which author wishes to receive the journal after printing.

Given publications should have research character and must be based on principles of scientific and a professional etiquette. The final decision on inclusion of paper will be made by Editorial Board. Editorial Board reserves its right to make technical and scientific editing. In case of not accepting the Board does not provide reviews and comments but resolution on publication.

Publication fee:

Standard publication fee is 120 Euro (for 2018 submissions), **due to pay only after accepting** the paper. Please note that major format of MHSJ publication is online (with ISSN 1804-5014 (Online)).

Paper submission deadline:

Electronic copies of paper must be sent to publications@pradec.eu

Applications are accepted throughout the year. Online publication of the received articles will take possible quickest time (usually 2-4 weeks after receiving) depending on quality of article and editorial process.
